# ABOUT US

## Welcome to West One Signs.

How we can help? By offering our expert advice and experience from over 20 years in the sign and print industry. Our services include site survey, design, production and installation allowing us to manage your whole project from start to completion. We are confident that our range of products and services with superb quality and great pricing offer you the ideal solution whether it be a well-established or new company. The importance of good signs will help drive sales and provide you with the all-important brand that will help convey information about your business.

## History.

Having been in the industry for many years earlier Zuber, Neil and Liam came together in June of 1999 all with fresh young faces and a desire to help local businesses achieve an all in one sign service. We started out with just a computer and a small plotter but over the years we have moved into larger premises, invested in new cutting-edge technology and employed more staff. Our next step is to move into even larger premises and employ more people to help us grow.

## THE PROCESS

1. Point of contact via Phone, email, social, networking or walk in.

2. Survey and quote for your requirements.

3. Artwork Stage

4. Production Stage

5. Quality Control Stage

6. Finally, Collection, Delivery or Installation stage

FRET-CUT

# ILLUMINATED SIGNS

High visibility no matter the time of year day or night should always be the goal and with illumination you can achieve this. Attract customers with fret cut tray signs in a range of styles and types. Illuminate using full face, cut outs or built up letters. Mix and match your shop signs to add that wow factor and functionality of illumination.
